Licenses: All electrical and plumbing work must be done by those licensed in NH unless done by the owner. All Renovation, repair and painting on buildings prior to 1978 require an EPA-RRP License.

Plumber _____ License Number _____

Electrician _____ License Number _____

EPA-RRP Renovation, Repair, Painting (Prior 1978 Buildings)
Name _____ License Number _____

Septic System: Septic loads may not be added New to any existing structure without an approved state septic system design.

NHWSPPC Septic Approval For Construction: # _____
Date _____ # of Bedrooms Approved _____
Approval For Operation # _____

PUC Energy Audit Permit :# _____ Date: _____

NH DOT ACCESS Permit # (if applicable) _____ Date _____
Please attach a copy of approved permit.

Town Driveway Permit # _____ Date of Approval _____

Wells:

Water: Dug Well _____ Drilled Well _____

Well Radius: For any lot, the entire well radius to the extent possible shall be located on this lot. If the well radius cannot be located entirely on the lot, it shall be located to the extent possible within the well radius of any abutting lot or within land which is non-buildable under state and local regulation. The purpose of this requirement is to protect water quality on all lots. An applicant shall be expected to release the town in connection with protective well radii in the same manner as the State of New Hampshire under RSA 485-A:30-b. This release shall be recorded at Grafton County Registry of Deeds.

Streams & Rivers:

Is property in a **Flood Hazard Area** as shown the town's insurance flood maps?

____y ____n

Are there any streams, drainage ditches or wetland areas impacted by this construction?

____y ____n

Is construction within 250ft of public waters? (must meet shoreland protection minimum standards)

____y ____n

If yes was checked above, please submit your approval from the NH Wetlands Board

Plans & Maps: All of the following must accompany this application:

1. Map with scale, North arrow and names of bordering road(s).
2. Lot lines and clear dimension of lot.
3. Location of new building and all existing buildings and amenities.
4. Distance of new construction to center of roadway, lot lines and existing buildings.

5. Dimensioned floor plans for all floor levels specifying each room with its intended use.
6. Dimensioned exterior elevation plans for new construction or work that will change the roofline. See the Zoning Ordinance for height requirements.
7. Driveways, parking facilities and drainage control areas.
8. Wetlands, Rivers, streams, drainage ditches, culverts, and seasonal runoff areas.
9. Septic systems, both proposed and/or existing, with dimensions to nearest water.

Culverts: Any culvert and/or other erosion runoff controls are to be installed at owner's expense if deemed necessary by the Selectman.

Occupancy Permit: Required Town of Sugar Hill Building Inspections at the appropriate point in the construction process and at the completion of construction, a physical inspection by the Selectman and a representative of the Sugar Hill Fire Dept, is required before an occupancy permit is issued.

Time: A building permit will be void if:

1. Operations are not begun within twelve (12) months from the date of issuance of the permit.
2. At the termination of two (2) years from the date of the permit, the exterior of the building remains in an uncompleted condition. The Board of Selectmen or duly authorized agent shall order completion or removal at the expense of the owner of such uncompleted buildings, unless an extension of the permit is granted by the Zoning Board of Adjustment. (SH Zoning Ordinance Article 17, Section 1702.2)

I understand and accept that approval granted by the Town of Sugar Hill, based upon information supplied herein does not relieve me from having to comply with any Local Ordinances, State or Federal Laws.

I hereby certify that the information herein is true and the above project will be accomplished in accordance with the information submitted. I have read and understand the Town of Sugar Hill Zoning Ordinance as it applies to this project and I understand the Board of Selectmen will act to enforce both the Zoning Ordinance and the State of New Hampshire Building Code.
