Site Plan Regulations Review

We began reviewing the additions, deletions and edits to the Site Plan Regulations with Tara and lost internet where we were not able to continue with the Zoom with her. The Board continued to review to document in full and had no comments to any of the changes.

Board members will review the checklists for the Subdivision Regulations and be ready to review these with Tara at the June meeting.

With no more business, on a motion made by Arthur Chase, seconded by Steve Monsein the meeting was adjourned at 6:30PM.
